

Meet the E531BD Power Drive Walk-Behind Floor Scrubber

ERI Clean's Latest Game-Changing Floor Scrubber

Industry Leading * Where Quality Meets Cost-Effectiveness * A Greener Clean

The all-new E531BD Power Drive Walk-Behind Floor Scrubber features increased efficiency from its high-efficiency motors, along with the following benefits...

PRODUCT BENEFITS:

- Flexibility, ideal for navigating narrow spaces
- Ease of cleaning, thanks to removable lid
- More accessible recovery tank, due to tiltable design
- Hospital-grade quiet for daytime use
- Simplified training for new operators via the one-touch system on elastic control panel
- Aluminum brush deck is durable and rust-resistant
- Brush pressure settings easily controlled with a simple push of the pedal
- New patent design for brush holder supports seamless brush loading and unloading
- Squeegee blade system is detachable and easy to change, ensuring a clean, dry floor
