

# KÄRCHER

makes a difference

## INNOVATIONS THAT SET THE STANDARD.

The configurable ride-on industrial sweeper for heavy-duty applications.

## Heavy-duty sweeping in a smaller package.

The KM 105/180 R Bp Classic is our new entry class Industrial sweeper for sweeping large amounts of dust and coarse dirt outdoors as well as heavily soiled indoor areas. This machine includes a robust steel frame and hydraulic traction drive in combination with other high-quality components. A reliable pocket filter system is integrated as standard, which is cleaned at frequent intervals via the automatic filter cleaning system. The KM 105/180 R Bp Classic is operated intuitively via levers, and includes easy-to-access components, making this a highly productive and user-friendly machine. It delivers excellent cleaning performance and is easy to service, making this ride-on sweeper a great addition to your cleaning operation.

### 1 Simple and intuitive operation

- The control panel and operating elements are clearly arranged and easily accessible in the ergonomically designed cockpit
- Simple maintenance, easy-access service points, and short learning times for operators

### 2 Hydraulic waste container

- Enjoy economic sweeping on large surfaces with the 47 gallon waste container and over 4 foot hydraulic container lift

### 3 Premium filtration

- This machine doubles the lifetime of your filters - with automatic filter cleaning occurring every 10 minutes
- Filters are simple to change, protecting the operator and the environment

### 4 Robust construction

- This machine includes a robust steel frame and a fully hydraulic traction drive
