

KÄRCHER

makes a difference

POWER. RELIABILITY. VALUE.

The industry's workhorse vacuum.

Powerful vacuuming.

The industry's most dependable workhorse vacuum is the industry leader! The Sensor® S is a trusted upright vacuum with a proven reputation of reliability, performance, and ease of maintenance. With a single-motor design and a light handle weight, this machine is comfortable to operate and provides optimal performance. With 1200 watts of power, the Sensor® S's vacuum motor pulls even more dirt and grime from your carpets. This machine utilizes a single motor to cut down on weight in order to reduce operator fatigue and increase productivity.

1 Reliability leader

- Industry-proven track record of durability and reliability.
- We have been building quality upright vacuums since 1979.

2 Productivity in mind

- Ultra-light handle weight allows for strain-free operation.
- Cleaning paths of 12" or 15" are available to suit any need.
- Flat to floor feature allows the vacuum easily to clean under beds and furniture.
- No-tool brush removal for easy maintenance.
- Detail cleaning tools conveniently located on the back of the machine.

3 Breathe easier

- The Sensor® S comes standard with a high-efficiency filter that traps up 99.6% of particles at 0.3 microns.
- Optional HEPA filtration is available.
- Meets CRI standards for indoor air quality.

4 Smart vacuuming

- This machine will protect you and itself from misuse. If a bag is missing from the dust collection compartment, the Sensor® S's door will not close and the machine will not run if either the bag or the filter is not in place.
- Equipped with indicator lights that light up if the vacuum bag is full, the brush height needs to be adjusted, or if there is a brush jam. If these precautionary lights are ignored, the machine will automatically shut down, protecting your employees and your machine from potential harm.
