TrailBlazer™/MC

Floor Finish Applicator System

TrailBlazer™/MC Floor Finish Applicator System simplifies the process of applying floor finish with an ergonomic application tool, a simple delivery system for the finish, a 5 gallon Envirobox of finish and an applicator pad.

Features & Benefits

- Integrated system that delivers consistent appearance, improved productivity and virtually eliminates waste
- Pump mechanism, finish feed lines and manifolds are all disposable, reducing labor costs and service calls
- Dramatically reduced set up and clean up times
- Faster and consistent application of finish
- Ergonomic design reduces user fatigue

Applications

- Ideal for areas greater than 2000 sq. ft.
- Great for healthcare, education, government, retail, lodging and building service contractors

Image includes
5 Gallon BIB and
rinsable finish pad,
sold separately
