

# V-WA-30 | WIDE AREA VACUUM

**Reliable performance and increased productivity at a lower total cost of ownership.**

## Maximum productivity

This durable wide area vacuum cleans large carpeted areas with nearly four times the productivity over traditional upright vacuums.

## Reliable durability

Major components have been proven in commercial application for over five years. Low acquisition and consumable prices combined with proven performance make it easy to choose this vacuum over similar models in the market today!

## Proven performance

Standard with HEPA 4-stage filtration for improved air quality, the vacuum's cleaning performance is also certified Bronze by the Carpet and Rug Institute's (CRI) Seal of Approval program. Operating at below 70 dBA, this vacuum is also LEED qualifying.

## Key Product Features

- Increased ease of use with a fully adjustable handle that can be set to the perfect height for operator use yet folded down for easy storage when not in use.
- Easily clean hard-to-reach areas with a low profile design that provides increased maneuverability and reach under.
- Increase operator ease-of use and decrease training with easy-one button operation.
