## **Kleen Sweep<sup>®</sup> 35**

A walk-behind, power sweeper, the Kleen Sweep<sup>®</sup> reduces maintenance time and cost.

The Kleen Sweep 35 can sweep up to 55,440 square feet per hour.

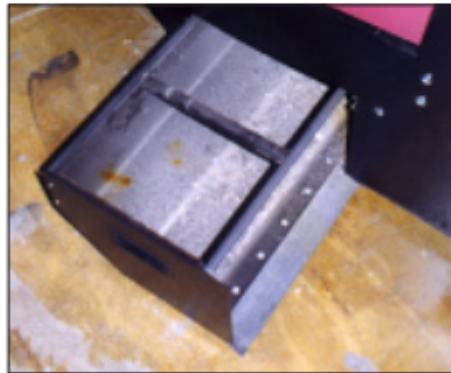

## For Quick & Thorough Cleaning of Small to Medium Sized Areas

### Easy Maintenance

Heavy-duty ABS cover opens wide for easy access to interior components. Steel body construction provides long life and protection.

### Large Capacity

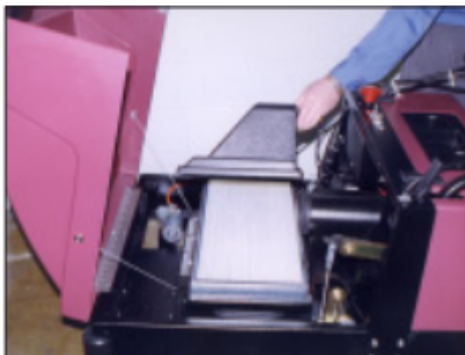

The 2.6 cu. ft. hopper recovers a large variety of debris. Its big capacity allows for sweeping large areas and its side door design allows for easy accessibility for waste removal.

### Sweeping Performance

The Kleen Sweep offers smooth operation and provides easy maneuverability in tight areas. The wet sweep bypass guarantees maximum performance under all conditions. Built in filter shaker comes standard.

### High Efficiency Dust Filter System

The panel filter system captures fine dust and drops it directly into the hopper. This system provides longer dust-free sweeping performance.

### Ergonomic Design

Operator controls are within arms reach. The adjustable operator handle allows for safe, comfortable operation.

### Increased Productivity

The 35" direct throw sweeper cleans up to 55,440 sq. ft. per hr. It is designed for indoor or outdoor use. The Kleen Sweep 35 is ideal on concrete, asphalt, artificial turf, all commercial carpet and many more surfaces.
